

Customer Services – Service unlimited

Material services

Maintenance Material Box

Specifically tailored to your system, this box ensures maximum availability of all the maintenance materials you need. Once ordered, keep the box on site and it can be simply refilled when parts are used.

You can rely on that

- All necessary maintenance materials are provided
- Inventory list, order form and contact details included
- Box with clear labelling for a transparent ordering process

Clear benefits for you

- Maintenance can be performed at short notice
- Planning security
- Support from ProMinent's technical consulting

Ready for you.
